

14.2. Doctor of philosophy

1. Georgievsky V.P. Assay of ingredients of combined drug preparations by titration in nonaqueous solvents. – Ph.D. (Pharmacy). - Kharkov, 1963. – 198 p.
2. Chaika L.A. Pharmacological investigation of ethyl-3,5,6-tri-O-benzyl-D-glucofuranoside. – Ph.D. (Medicine). – Kharkov.- 1980. - 182 p.
3. Vovk O.G..
4. Gryzodub A.I. Linear relationships in thin layer chromatography and their application to optimization of separation conditions in binary mobile phases: - Ph.D. (Physical Chemistry). 02.00.04. - Kharkov, 1982. -187 p.
1. Levin M.G. Development of the method of absorbance comparison of multicomponent reference and sample solutions in spectrophotometric analysis and its application to quality control of medicines. – Ph.D. (Analytical Chemistry). 02.00.02. – Odessa, 1987. – 265 p..
5. Tovmasyan Ye,K. Isolation and investigation of regulatory properties of calciumphospholipid-dependent protein kinase.Ph.D. (Biology). 03.00.04 – Moscow, 1988. – 122 p.
6. Podpruzhnikov Yu.V. Development and metrological support of simultaneous fluorometric determination of concentrations in multicomponent systems. – Ph.D. (Chemistry). 02.00.02. – Odessa, 1989. – 180 p.
7. Terno I.S. Synthesis, isolation and investigation of properties of compounds in series of cardenolides and non-steroid analogs of their transformed derivatives. – Ph.D. (Chemistry). 15.00.02. – Kharkov. 1991. – 132 p.
8. Khovanska N.P. Quality and stability control of some preparation – derivatives of 2-aminotiazole, aminocaproic acid and their drug formulations. – Ph.D.. 15.00.02. – Kharkov, 1992. – 222 p.
9. Georgievsky G.V. Physical and chemical method of control manufacturing of thiotriazoline and standardization of its drug forms. – Ph,D, (Pharmacy). – Kharkov, 1995. – 124 p.
10. Kotov A.G. Terpenoids and phenylpropanoids of some species of genus Asteraceae. Ph.D. 15.00.05. – Kharkov, 1996. – 132 p.
11. Kulikov A.U. Optimization of liquid chromatography conditions for quality control of some drug products and substances. Ph.D. (Chemistry). 02.00.02. – Kharkov, 1997. – 140 p.
12. Asmolova N.N. Some issues of application of multicomponent spectrophotometry and liquid chromatography to quality control of medicines. – Ph.D. (Pharmacy). 15.00.05 - Kharkov, 1997. – 152 p.
13. Leontiev D.A. Some problems of substantiation and optimization of chromatographic procedures to be included into medicines specifications/ - Ph.D. (Pharmacy)/ 15.00.05. – Kharkov, 1997. – 149 p.
14. Doleyko N.V. Analytical support of pharmaceutical development and standardization of soft drug products. – Ph.D. (Pharmacy). 15.00.05. – Kharkov, 2002. – 128 p.

15. Zvolinskaya N.M. Standardization of carrying out of tests by methods of thinlayer chromatography and spectrophotometry in laboratories for quality control of medicines of Ukraine. – Ph.D. (Pharmacy). 15.00.03. – Kharkiv, 2004. – 170 p.
16. Dashutina S.L. Development of procedures and standardization of contents of biologically active compounds of great celandine grass (*Chelidonium Majus L/*) and drug product on their basis.. Ph.D. (Pharmacy). 15.00.03 –Kharkiv, 2005. – 130 p..
17. Kotova E.E. Standardization of the drugs of herbal and animal origin, containing flavonoids and fatty oils. – Ph.D. (Pharmacy). 15.00.03. – Kharkiv, 2005. – 159 p.
18. Zinchenko O.A. Application of gas chromatography in quality control of medicines. – Ph.D. 15.00.03. – Kharkiv, 2006. – 194 p../
19. Zhemerova C. G. Development and standardization of quality control microbiological test procedures and grounding of the combined cream of antimicrobial action formulation. – Ph.D. (Pharmacy). 15.00.03. – Kharkiv, 2006. – 160 p..
20. Dmitrieva M.V. Standardization of dissolution test of the of dosage drug forms. – Ph.D. (Pharmacy). 15.00.03. – Kharkiv, 2008. – 149 p..
21. Denisenko N.V. Metrological aspects of validation of medicines assay procedures by reference standard method. – Ph.D. (Pharmacy). 15.00.03. – Kharkiv, 2011. – 157 p.
22. Tikhonenko N.I. The standardization of herbal drug of Lamiaceae Lindl. – Ph.D. (Pharmacy). 15.00.03. – Kharkiv, 2012. – 200 p.
